PHILIPS

Highlights

360° suction nozzle

360° suction nozzle captures dust and dirt faster with every stroke, even backwards and against edges, to make every move count.

PowerBlade digital motor

PowerBlade digital motor is engineered to create unmatched, high airflow (>1000 L/min), which enables 360° suction at the nozzle.

PowerCyclone 8 technology

PowerCyclone 8 technology - our best bagless vacuum cleaning technology now in a cordless stick, to keep stronger suction for longer.

Up to 45 minutes runtime

High performance 18V lithium ion batteries provide up to 45 minutes of cleaning time before you recharge.

Integrated accessories

Accessories are simple to use with one click. The detachable handheld unit makes SpeedPro Max two vacuums in one. The brush accessory is integrated into tube so it's always at hand.

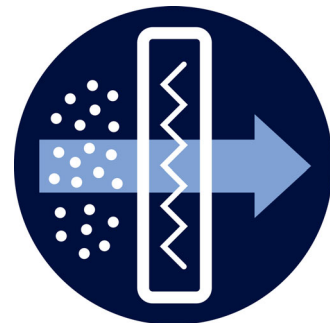

LED lighting

Dust, fluff, hair and crumbs are easy to spot and eliminate with LED lights in the SpeedPro Max nozzle.

One nozzle for all floors

SpeedPro Max is designed to vacuum both hard floors and carpets without switching nozzles. The brush can easily be removed from the nozzle for quick and hassle-free cleaning.

Advanced filter technology

Advanced filtration captures bacteria and allergens to release cleaner air.

Smart power control

Smart power control manages the PowerBlade digital motor efficiently, with 3 speeds controlled at the touch of the speed button for all your cleaning needs.

Hygienic emptying

The vacuum cleaner's dust bucket is easily removed and emptied hygienically without causing any dust cloud.
