Unit weight (kg)	1.14
Unit Barcode	5017534996087
Box size	110 x 310 x 165 mm
Boxes per pallet	150

Quality

Xerox Replacement Cartridges meet demanding Xerox specifications as well as some pretty tough independent standards... because we want to meet your standards, print after print.

Our production and distribution facilities meet ISO 9001 standards as well as ISO 14001 environmental standards. Our quality standards comply with DIN33870. We fully support and comply with REACH for all chemicals and materials contained in our cartridges.

Printer Compatibility

Compatible with the following printers:
HP LaserJet 1150

Total Performance Warranty

OEM Quality

Xerox engineer their cartridges so that the page yield and performance is equal to, or better than the OEM.

Lifetime Performance

If there is still toner in your Xerox cartridge, the last page will look as good as the first. If not, Xerox will replace the cartridge to ensure that you are satisfied. It's that easy.

Risk free printing

When you choose a Xerox brand cartridge for your printer, there is no risk to your printer OEM warranty. If our cartridge is responsible for any printer damage, Xerox will pay your repair costs.
